

Utility Maintenance Technician

The Town of Glasgow is seeking to hire a Utility Maintenance Technician. This position performs a variety of buildings, grounds, streets, water and sewer maintenance and repairs. Examples of work include mowing and weed eating town properties, cleaning drainage ditches, basic maintenance of the Town's buildings and facilities, snow plowing, water and sewer line maintenance and repair and assisting in the operation of wells and the sewer plant. Applicants must be familiar with the operation of light equipment, have a valid Virginia driver's license and have the ability to obtain a CDL-B license and operate a back-hoe within 3 months. Also must have the ability to learn the basic operations of the wastewater plant within 6 months. Good mechanical ability and the desire to learn operations of the Town is essential. Work will be required outside of normal business hours as needed and in inclement weather. High school diploma or GED is required. Salary range is \$14 to \$15/hour depending on skills and experience. The full job description is on the Town's website. Applications may be obtained at Town Hall or on the website. The position will be open until filled.
